AscendGlobalinc.com

About Us:

Ascend Global Inc. was conceived and established in 2017 to revolutionize the manufacture and distribution of Pre-hospital emergency care solution, patient handling equipment and hospital furniture. We know that achieving this takes practice, perseverance, resilience and most importantly a receptive, and open mind. A mindset that never stops adapting and improving with feedback from you, our customers. Our decades of hands on experience coupled with stringent & dedicated R&D team laid a strong base on which the company was systematically structured.

With cues from the market, we have been manufacturing reliable, high-quality streamlined solutions for all aspects of handling patients. They aid in the delivery of dignified care while heightening safety for both the caregiver and patient alike. Here in our premises, R&D is a constant everyday process to uncover new exciting ideas to meet tomorrow's challenging needs. With that being said, our spectrum of products offer a perfect solution for every clinical setting. And if not, we bend backward to customize a perfect solution tailored to your need. Thus, bringing Quality, Reliability and Affordability to you.

Product Line:

At Ascend Global Inc we design and manufacture a variety of items for the medical industry as outlined below

- Hospital Furniture like Examination Bed, crash cart, bed side trolley, stool, IV Stand Etc
- Patient Handling Equipment like Stretcher (Many models to suit varied applications), Stair Chair and Wheel chair etc
- Patient Mobility Items like Walkers etc.
- We also provide service on furniture and equipment at clients location to aid in the uninterrupted patient care.

Our Strength:

- With a huge factory right by the Chennai Port, to a highly qualified and motivated work force, to a strong material sourcing & negotiating team, we are perfectly positioned to meet the ever-changing requirements of the industry.
- Additionally, our Ascend Global Inc team distinguishes itself with its remarkable people-centered approach. We value our supplier relationships and work to cultivate long-term, mutually beneficial associations. On the customer front. we strive to partner with them in a way that goes beyond just providing hospital furniture. Our impeccable customer service is second to none!

Our Vision

Pivoting around the safety of the users, we are bent on delivering hallmark products and solutions.

Our Mission

To assist patient movement, both ergonomically and economically

Our Values

- * To manufacture quality products whilst ensuring our operations have the least to no detrimental effect upon the environment
- * We are committed to being responsible corporate citizens in the community we operate in

Our Team

We are a tightly-knit, talented group of people with a shared vision and passion for delivering consistently great solutions for our clients. We strive to make sure our people are supported and empowered to deliver exceptional results for our clients, while ensuring the company is a fun, inclusive, challenging place to work and develop a rewarding career.

Our Products

Redefining new standards of quality is a part of our company's culture. It is imbibed into the everyday process Which is why our team proudly stands behind every one of our creation.

Our Customers

Every client has a unique need when it comes to patient care equipment or hospital furniture. Understanding their needs and within the given parameters, we present crisp custom solutions. We will always conduct ourselves with integrity, humility, and fairness, treating you just as we want to be treated ourselves.

Quality:

- CE Certification
- ISO 9001-2015
- ISO 13485 – 2016

OXYGEN CYLINDER SUPPLIES

Cylinder Trolley

AG-3050

- High density SS welded fabrication
- 1" dia circular CRCA pipe with MS sheet for the base plate
- Mounted on a set of 4" wheels
- Fits the standard Type B Cylinder (10 litres)
- Can be custom made in SS and for Type D Cylinder (47 litres)

LOAD BEARING	MATERIAL
25 kgs	SS

Oxygen Flow Meter

AG-3057

- Oxygen Flow meter with Humidifier Bottle is used in reducing gas pressure and adjusting gas volume
- Comes with a safety valve and and pressure gauge
- Inlet Pressure is 200 bars, Outlet Pressure is 3000 Psi and the working Pressure is 24 Bars
- Flow Rate is 15 Litres per Minute
- Fits the standard Type B & D Cylinder

INLET PRESSURE	OUTLET PRESSURE
200 Bars	3000 Psi

Portable Oxygen Cylinder Kit

AG-3056

- Seamless light weight PESO Approved cylinder
- Made of High strength aluminium alloy 6061 T6 (40% lighter than steel)
- Kit includes Valve, Nasal Mask, Flow meter, humidifier bottle, carrying bag and trolley
- Gas Capacity 320 Litres
- Water Capacity 2.2 Litres

PATIENT TREATMENT PUMPS

Syringe Infusion Pump

AG-3080

- Compatible for various brands of syringes
- Various infusion modes to meet different clinical needs
- Various visual and audible alarms
- Numeric keys design, easy to operate Large colorful LCD screen, Real time display
- Rate Mode, Time Mode, Dose Mode, Drug lib mode, Intermittent mode, Wt. mode

WEIGHT	INFUSION RATE	SYRINGE SIZE	PORT TYPE
